It was highlighted that the original article [1] contained an error in the Results section, subheading Descriptive statistics/ *Frequency of food Bank use in the previous 3 months* in the last sentence of the first paragraph. The sentence erroneously read “ ... compared to 50.5% in wave 2, 42.4% in wave 3, and 27.440.6% in wave 4.” Instead of “ ... compared to 50.5% in wave 2, 42.4% in wave 3, and 40.6% in wave 4”. The original article has been updated.
